

## KA107 Erasmus+ Agreement

### University of Trieste (UniTS) / University of Belgrade (UniBG)

#### Suggested conversion of marks

The suggested marks conversion tables were developed on the basis of available data, according to the following procedure:

- An equivalence was provided by UniTS between its local marks and ECTS A-F system, based on statistical analysis of marks associated with ISCED07 EQF 7 courses;
- An equivalence was provided by UniBG between its local marks and ECTS A-F system, based on UniBG practice;
- Using the ECTS A-F system as temporary intermediate layer, the suggested conversion tables between UniTS marks and UniBG marks were eventually established.

The suggested conversion tables are reported in the following.
